

WALK & TALK

Outdoors among postdocs

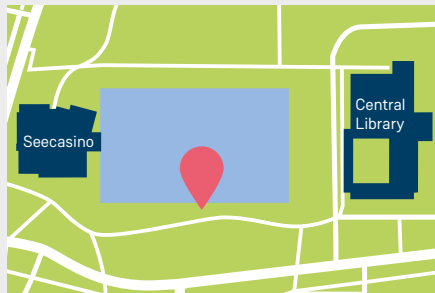

The Walk & Talk is an informal outdoor exchange opportunity for postdocs.

After meeting at a fixed meeting point (see map) we start the walk on time for about 45 minutes and split up into smaller groups depending on the rush.

This gives you the opportunity to talk to other postdocs about the latest news on campus, your science or other topics that move you. Contents are not determined in advance, they arise in direct conversation.

This offer is organized by the Career Center & Postdoc Office and takes place at regular intervals for postdocs.

See you outdoors!
Your Career Center & Postdoc Office

Meeting Point: at the benches by the lake (see map)

You do not need to register. In case of bad weather, we will cancel the walk via the postdoc mailing list.
