

# Summer School: Microswimmers – From Single Particle Motion to Collective Behaviour

21 – 25 September 2015 • Jülich • Germany

- Theory and Simulation
- Experimental Methods
- Cells and Bacteria
- Artificial Swimmers
- Collective Behaviour
- Synchronization

One-week course with about 25 hours of lectures for students and young scientists.

**Deadline for applications: 24 July 2015**

**Registration and information: [www.fz-juelich.de/ics/microswimmers](http://www.fz-juelich.de/ics/microswimmers)**

**Organized by the DFG Priority Programme – “Microswimmers”.**
