

# JUWINHPC: JÜLICHWOMEN IN HPC

## DIVERSITY CREATES A STRONGER COMMUNITY

### Why are there not more women working in HPC?

- The powerful international initiative **Women in High Performance Computing (WHPC)** is working for more equality, diversity and inclusion in the HPC community.
- JuWinHPC was founded in 2022 as the first WHPC chapter in Germany.
- **Goal:** strengthening the local community of women involved in HPC and promoting diversity.
