

JCNS Workshop 2010

Trends and Perspectives in Neutron Scattering:

Magnetism and Correlated Electron Systems

4 - 7 Oct. 2010
Bernried

Topics :

- Frustrated magnets
- Quantum and low dimensional magnetism
- Magneto-calorics
- Superconductivity and pnictides
- Multiferroics
- Heavy fermions
- New materials and sample preparation
- Instrumentation

www.jcns.info/Workshop

Deadlines:

Submission of abstracts:	28 June 2010
Final registration:	28 July 2010

Workshop Fee:

normal participants:	430 EUR
students:	280 EUR

Includes full lodging and board at Conference Hotel Seeblick in Bernried, workshop diner and excursion to FRM II in Munich-Garching
