

16th JCNS Laboratory Course

Neutron Scattering

3 – 14 September 2012

Jülich and Garching · Germany

Lectures on neutron scattering, instruments and their applications at Forschungszentrum Jülich.

Hands-on experience with the instruments at the research reactor FRM II in Garching.

The course is open to students with BSc or Vordiplom in physics, chemistry, material science, biology.

Organised
by Forschungszentrum Jülich GmbH,
in cooperation with RWTH Aachen
University and Westfälische
Wilhelms-Universität Münster.

Registration (until 25 May 2012):
Attn. Prof. Dr. Dieter Richter
Forschungszentrum Jülich GmbH
JCNS-1, ICS-1
52425 Jülich, Germany
